

# KTH Campus i Kista

## How to find Mark Smith's office at the KTH Kista Campus

1. From Stockholm, take the Blue Subway line to Kista. Be sure to get on a train to Akalla, and NOT to Hjulsta.
2. Get off at the Kista stop. When you get off, you will be at point X on the map. Exit the subway stop to the left.
3. Go down the stairs, turn right on the foot path and follow it into the shopping center. Go straight through the shopping center and continue to follow the foot path shown as a green line on the map.
4. Keep walking down the foot path. You will walk over two roads. Shortly after going over the second road (Isafjordsgatan) you will notice a point in the path opposite the Memory Hotel where you can turn right into a large courtyard with a steel sculpture in it. Turn right and walk into the courtyard.
5. Once in the courtyard, walk straight through it. You will see a large building with ELECTRUM over the entry doors. This corresponds to point Z on the map.
6. Take elevator 'C' up to the 3rd floor, or alternately walk up the stairs. It's just one level. On the 3rd floor look for the Wireless@KTH area and go in. If the door is locked ring the doorbell, or if you have your mobile phone you can call me at 790 44 85. My office is number 6345.
7. As a side note, Kista is pronounced 'She-sta'. Subway in Swedish is Tunnel-banna, thus the 'T' on the map.
